

Y. W. SWIMMING POOL IS WOMEN'S MECCA

One Hundred and Nine Women "Try Out" the Pool on Its Opening Day and Number Increases Daily.

A number of women who frequented the Y. W. C. A. swimming classes last summer when the pool at the high school was made use of, were among the first to dive into the new pool at the Y. W. C. A. building when it was opened to women and girls of the city Thursday.

There were 109 to take a swim the first day and each succeeding day the number has been increasing. The pool is one of the best in the southwest, is eight feet deep at the farther end, but is filled with water of such clearness and purity that the white tile floor with a design of dark mosaic is clearly seen. The water is in constant circulation and is not only filtered, but is sterilized by means of the ultra-violet ray system.

Every precaution is taken to make the exterior health and sanitary. A physical examination is required of every one before entering. That is given free. Bathing caps are furnished by the water and are required to be worn in the water. A shower bath with the use of soap is also a prerequisite. Bathing suits must be obtained at the Y. W. C. A. and are laundered after each wear. An electrical hair drying machine makes it possible for the bathers to dry within a few minutes after getting out of the water.

Many enthusiasts have been in twice a day since the opening, a number of them being army and navy practice strokes learned last summer before visiting the beach this season. Mrs. Willie A. Webber, instructor, is proud of some of her pupils to whom she taught the modern strokes last summer. Among those who used the pool Friday were Mrs. J. A. McKee, Mrs. Val Jean Hildison and Mrs. Walter Wright, all using both the side stroke and the English over arm. Mrs. E. J. Lewis was another adept in the sport.

Mrs. Webber is an expert swimmer and a strong believer in the modern methods. She took private lessons in Kansas City under Perry Fulton and Eugene McClure, the former, instructor at Independence Avenue Christian church swimming pool of Kansas City. She is also a pupil of George Carson, swimming instructor for the international Y. M. C. A. who is also a teacher at the University of Toronto. Mrs. Webber first took up the activity merely as a pleasure but became so engrossed in the sport as a healthful exercise and life saving means that she drifted into instructing others.

HIS PATRIOTIC DEFENSE BRINGS CHEERS IN COURT

Oratorical outbursts and speeches of a mock heroic nature by the defendant marked the case of C. M. Farrell, charged with vagrancy, in the municipal court yesterday afternoon.

When asked if he were an I. W. W. he pointed dramatically at the flag and told of his service in China during the Boxer rebellion, of his service at Santiago in the Spanish-American war, and of his attempts to get into the army during the war with Germany, despite the fact that he was 50 years of age. He was dismissed, while a court room full of spectators applauded.

Not All Was Lovely.

Herbert Lovely, differing greatly from what his name implied, Lennie Mullins, with one eye discolored, J. J. Brown, Bill Brimm and Fred Smith were all charged with being drunk in the municipal court yesterday. Lovely, Brown, Mullins and Brimm all got \$5 and costs. Smith was dismissed.

SIMPLE WASH REMOVES RINGS UNDER EYES

Tulsa people will be surprised how quickly simple witchhazel, camphor, hydraulic, etc., is mixed in Lavoptik eye wash, relieves bloodshot eyes and dark rings. One young lady who had rings was relieved by a single week's use of Lavoptik. We guarantee a small bottle to help ANY CASE of weak, strained or inflamed eyes. Aluminum eye cup FREE. A Sure Way to End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single ether and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

Just Apply This Paste and the Hairs Will Vanish

(Dandol Secret)

The judicious use of a delatone paste ensures any woman a clear, hairless skin. To prepare the paste mix a little of the powdered delatone with some water, then apply to the objectionable hairs for 3 or 5 minutes. When the paste is removed, and the skin washed, every trace of hair will have vanished. No pain attends the use of the delatone, and it will not mar the most sensitive skin, but to insure results, see that you get real delatone.—Adv.

CITY BRIEFS

ORGANIZATION FOR the Armenian Relief fund campaign is practically completed and between 100 and 150 workers will be ready to start the drive for Tulsa on June 23. Thursday morning a luncheon for the workers will be served at the First Methodist church, Fifth and Boulder streets. Wednesday noon and the Rev. W. A. Allen, director of the campaign, will speak.

BY MARRYING Edna Waters at the police station yesterday, A. Edgerly, who was arrested Friday with a girl in a local rooming house, has evaded prosecution under the Mann act. It developed that the girl and man had been traveling together several months and had lived as man and wife. In the municipal court Friday Edgerly was told that the matter would be dropped provided he and the girl were married.

THOUGH THE 25 year sentence of Armand Harris, negro convicted in 1917 for the murder of Joe Johnson, a white man, in 1914, has been affirmed by the criminal court of appeals, Harris is not to be found and action has been begun by Attorney Munroe in the district court to recover his appeal bond of \$7,500. A bench warrant has also been issued for the negro.

"DOCTORS ALWAYS KILL a Town," A. J. Hildison declared in a losing debate with Judge Woodward at the city club luncheon yesterday. Mr. Hildison dealt in general statements about tax increases due to the bond issue but Mr. Woodward confined himself to figures to show that with the increased valuation of city property the bond issue can be carried on practically the same rate that is being paid now.

CAPT JOHN E. CURRAN, son of R. E. Curran, water commissioner, has arrived in the United States after a year's service overseas. His regiment has been ordered to the Mexican border, but it is likely that Captain Curran will have an opportunity to visit Tulsa before going to the border.

WHEN O. F. MULLINS, state dairy inspector, collected ten samples of ice cream and turned them over to the city chemist for analysis, he did not know that he was providing a treat for City Chemist Holloway and his assistants. The city laboratory had no facilities for the analysis and the chemist and his assistants had to eat the ice cream.

CANNING demonstrations will be resumed Tuesday at the office of Sada Grommet, city home demonstrator, at the courthouse. All women interested in the work are invited to attend the demonstration, which begins at 2 o'clock Tuesday afternoon.

MAYOR HUBBARD announced yesterday that the city is going to take action against those who throw their grass clippings in the streets. Many sewer lines have been stopped up by the accumulations of grass and several districts have been flooded for this reason.

JOE DURAN, chief of the police identification bureau, returned yesterday from Claremore, where he was called Friday to investigate a safe robbery there.

M. A. WRIGHT of Sand Springs was severely injured when run down by an automobile Saturday at First

and Main streets, suffering two broken ribs and bruises about the body. He was taken to the Oklahoma hospital for treatment.

ACCORDING TO a letter received by C. H. Douglas of the chamber of commerce from Joseph Tinsley, secretary to President Tulsa, the president will include Tulsa in his speaking tour in the event he takes the stump for the league of nations and the peace treaty. It is not certain that the president will make the trip.

EARDIE CORBERT, Altona Colbert and Dennis Tolbert, three youths arrested Friday on a charge of stealing an automobile, were held on \$1,500 bonds after preliminary hearing yesterday before Justice Maxey.

CHARGED WITH ASSAULT on his 12-year-old daughter, W. E. Bell of Oklahoma City was arraigned before Justice Gray yesterday and held for preliminary hearing June 24 under bond of \$1,000.

TWO BOYS JOE MILLER and Bill Holland, pleaded not guilty to charges of conspiracy robbery on arraignment before Justice Maxey yesterday and were held for preliminary hearing under bonds of \$1,000 each.

JAMES H. FITZGERALD, returned soldier, is dead at Casper, Wyo., and efforts are being made by the local Red Cross chapter to locate his mother, who is thought to be up to have been in Tulsa recently.

FAILURE OF ROBERT STEVENSON to appear for trial in the district court yesterday in answer to a charge of automobile stealing, caused forfeiture of his bond of \$2,000.

WORK HAS BEGUN on the Y. W. C. A. lodge at the summer camp and it is expected that the building will be ready for occupancy by August 1.

MEETING OF THE Oklahoma commandery, Military Order of Foreign Wars, will be held at 7:30 Monday night at the municipal auditorium.
